How to Play

Each page holds one puzzle. Find every word in the list below the grid. Words are hidden in a straight line, reading left to right, top to bottom, or diagonally down to the right. Words never run backwards, so you can read every line the normal way.

Circle each word as you find it, then tick it off the list. Some words share letters, so crossing lines are normal.

Every puzzle has its own theme and 10 words. Words are never repeated anywhere in the book. The answers to all 60 puzzles are at the back.

Take your time. There is no clock and no score. Grab a pencil, a cup of tea, and enjoy a few quiet minutes in the garden of your mind.

Happy puzzling!
